

Nominee: Rausch Netzwerktechnik GmbH

Nomination title: **Sasquatch SDS solutions**

With Sasquatch, Rausch Netzwerktechnik offers you the perfect SDS solution for your requirements. Virtualization, Big Data, Cloud- or Hyper-Converged-Storage, High-Performance-Computing, All-Flash- or Object-Storage-Platforms – Sasquatch provides what you need. Why? Because we don't deliver systems off-the-peg, we build them especially for you and your needs! Sasquatch combines high-performance hardware with the matching software. That allows us to set up and deliver your custom-fit storage solution.

Why nominee should win

- customizable for nearly every customer need
- scalable in bandwidth AND capacity for every project size
- supports all standard storage memory (HDD, SSD, a.s.o.)
- supports all standard protocols
- supports highest level of redundancy and failover
