

CELEBRATING 10 YEARS OF SUCCESS

The 2020 DCS Awards feature 31 categories across FOUR groups.

THE DCS AWARDS are now firmly established as the data centre industry's premier annual celebration of all that is great and good. End user projects, product innovation and individual excellence are all recognised in an evening that pays more than lip service to the idea of data centre and IT convergence. So, the award categories cover both the facilities and IT aspects of the data centre, recognising the achievements of vendors, their business partners, their staff and their customers.

Getting involved with the DCS Awards couldn't be easier. Take a look at the award categories, and make sure to nominate your company, a customer, or maybe an individual – better still all three (!) – for a chance to be recognised for outstanding achievement when it comes to projects, product innovations and individual contributions within the data centre industry.

Once you've made your nominations, make sure to book a table for the Awards night. You wouldn't want to win an award and not be there to collect it! (And even if you don't win an award on the night, there's a cocktail reception, three course meal and a top comedian to entertain you – we have a track record of booking individuals on their way to the top of the comedy circuit).

We look forward to welcoming you to the Awards night in May.
